

Betty Rountree Education Grant

The RGVCTM offers several \$800 grants to potential and current mathematics teachers each academic school year. Our goal is to assist individuals who plan continued study leading toward a mathematics teaching certification or who desire to continue studies in undergraduate and/or graduate work in mathematics or mathematics education. Teachers or paraprofessionals who are current members of RGVCTM and have successfully completed a college level mathematics or mathematics education course may apply for a grant. A member may receive, at most, one grant during each year. The grant money is to be used to help defray tuition and textbook costs for any mathematics or mathematics education course.
